

Facundo Olesen

+54 9 2494 608099 | facundoolesen@gmail.com | [Website](#) | [LinkedIn](#) | [GitHub](#) | Tandil, BsAs., Argentina

Education

Technique in Programming. GPA: 8.0/10

Apr. 2021 - Dec. 2024

UNICEN - Tandil, Argentina.

Courses: Data Structures & Algorithms, Java OOP, Web Applications, UX/UI, DataBases, Agile Methodologies, Computational Mathematics, Network development.

Projects

Personal Website – [Website](#)

Apr 2023 – May 2023

- Created a **responsive** personal portfolio where I show my experience, skills and projects.
- Designed the whole website in Figma for easing the implementation of the page.
- Developed with **HTML**, **CSS** and **JavaScript**, followed the **UX/UI** laws deployed on Vercel.
- Implemented contact formulary where all the received messages are saved in an Excel file.
- Applied interactivity using **JavaScript** with activities such as a language switcher.

Full-Stack E-commerce – [GitHub](#)

Jun 2022 – Nov 2022

- Developed a Back-End & Front-End E-commerce.
- Implemented the entire login system with **JWT** to allow **CRUD** operations on the clothes list (**PHP**, **MySQL**, **HTML**, **CSS**, **Bootstrap**).
- Followed the **MVC** architecture for a better organization of the project.

Netflix Clone – [Website](#)

Nov 2023 – Dec 2023

- Designed and developed the login and home page of Netflix.
- Created functionality with **JavaScript** and **HTML & CSS**.
- Implemented **responsive** design following the good practices of Front-End development.

API with Microservices

Jan 2024 – Mar 2024

- Created an API with Microservices with **Spring Boot** and **Spring Cloud**.
- Implemented design patterns (**Service Registry** and **Discovery** with **Eureka Server**, **Load Balancing**, **Circuit Breaker**, **API Gateway**, **Config Server**)

Video Games Website – [Website](#)

Jan 2024 – Mar 2024

- Designed the website in Figma following **UX/UI** laws and good practices of design.
- Developed the login page **responsive** and implemented animations and functionalities such as carousel, dropdown menu and a spinner loader with **JavaScript**.
